

This fact sheet provides some simple points for pool owners to help make sure a swift delivery of the Pool Barrier Certificate.

### **TREES & PLANTS:**

Ensure that your planting does not allow children to climb the fence.

### **RESUSCITATION CHART:**

A current chart must be fixed and clearly displayed in your pool area.

### **MOVEABLE, CLIMBING OBJECTS:**

Ensure that all pool furniture, pot plants, BBQ's and so on are at least one metre from the pool fence.

### **POOL GATES:**

Your pool gate must open outwards and close from all positions in its arc.

### **FENCING:**

Fencing must be in good condition. No climbing aids. No gaps of more than 100mm between the bottom of the fence and solid ground level.
